Artists' Book Program

Andrea Dezsö Living Inside

March 14 – May 17, 2008
Opening: Friday March 14, 6-8pm

BravinLee programs is pleased to present new artist books by Andrea Dezsö.

Born in Transylvania, Dezsö's astonishingly intricate and sophisticated book-objects express psychological and historical narratives and include images and constructions from childhood memories of growing up under Soviet-style communism. In this exhibition, "Living Inside," her books explore the notion of inhabiting spaces both physical and imaginary - living in the city, residing in her memories and within her own body.

Andrea Dezsö is an artist, writer and book artist who was featured last June *in The New York Times*. She is currently included in the group exhibition "Pricked- Extreme Embroidery" at The Museum of Art and Design in New York.
